

# Príncipe de Viana Crianza 2015

## Gold Medal Challenge International du Vin

Príncipe de Viana

April 2019. *Príncipe de Viana Crianza 2015* receives a **GOLD MEDAL** from the Challenge International du Vin.

The quality and versatility of *Príncipe de Viana Crianza* have made it one of the brand's iconic wines. The Tempranillo, Merlot and Cabernet Sauvignon grapes used to produce it come from vineyards selected according to their soil composition, so as to achieve ripe grapes with a great concentration.

Here lies the key to its success: The optimal selection of the vineyards and grapes, supported with a careful winemaking, mark the difference between *Príncipe de Viana Crianza* and the thousands of wines which compete on the market in this category.

This is not the only Gold Medal received by the 2015 vintage of *Príncipe de Viana Crianza*: Mundus Vini wine contest also granted this wine a Gold Medal only last March.

These awards represent the Navarra cellar's philosophy to offer consumers the maximum possible value in each bottle of a Príncipe de Viana wine.
